

Connecticut Lottery Corporation
Request for Proposals #CLC202306
Sports Betting and Daily Fantasy Sports
Solution, System and Services

April 21, 2023

ADDENDUM #2

Daily Fantasy Sports Options

The Connecticut Lottery Corporation (CLC) is amending Request for Proposals for Sports Betting and Daily Fantasy Sports Solution, Systems and Services, RFP #CLC202306, relative to the Daily Fantasy Sports (DFS) requirement.

The CLC will not require Proposers to bring forward a DFS Solution. However, each Proposer must address DFS in their Proposal in one of the following ways:

- Option 1. If a Proposer believes that a DFS Solution would bring value to their Proposal and to the CLC, the Proposer should include their DFS Solution in their Proposal in accordance with the RFP as issued on April 10, 2021.
- Option 2. If a Proposer believes an alternative product or modified DFS product would bring value to their Proposal and to the CLC, the Proposer should describe that offering in their Proposal, including an explanation of why the Proposer believes the proposed offering is an important component.
- Option 3. If a Proposer believes that neither a DFS Solution as described in the RFP nor an alternative product is necessary in their Proposal, the Proposer must explain their position in the Proposal.
